781-800-1653 — Wetherell.S@Northeastern.edu

170 Hillside Street, Boston, MA 02120

EDUCATION

Northeastern University

Jan 2021 – May 2026

Bachelor of Science, Computer Science, GPA: 3.4

EMPLOYMENT HISTORY

Center for Inclusive Computing — Research Assistant

Jan 2026 – Present

Boston, MA

- CS research via curriculum analysis and data visualization; redesigning internal web assets for findings and institutional tracking.

Boston Globe Media — IT Analyst (formerly IT Co-Op)

Jan 2024 – Sep 2024

Boston, MA

- Excelled as a co-op before transitioning into a full-time ITSOC role in May.
- Developed a new remote management approach to weather modeling systems, enabling remote work for the forecasting team.
- Introduced AI organization tools and researched automated workflow procedures to improve operational efficiency.

Vita Needle Co. — Precision Manufacturing Technician

Apr 2023 – Sep 2023

Newton, MA

- Managed inventory and machining for micrometer-scale parts and projects.
- Developed superior inventory tracking for all projects and established high-priority processes for orders valued over \$500K.

Boston's Best Chimney — Chimney Mason Assistant

Jun 2022 – Sep 2022

Northeastern University — Athletic Facilities Coordinator

Apr 2021 – Jan 2022

Elaine Construction — Construction Laborer

May 2020 – Apr 2021

True Value Company — Sales Associate & Warehouse Receiver

May 2019 – May 2020

Dedham Health and Athletic Complex — Lifeguard

May 2018 – May 2020

PROJECTS

- **WAN DHT (Systems):** Built a fault-tolerant Rust distributed key-value store with consistent hashing, virtual nodes, N=3 replication, read-repair, anti-entropy, and TLS/mTLS RPC.
- **Headless Orbital Mechanics and Sensor Tracking Simulator (C++20, Eigen, Protobuf, CMake):** Implemented J2 and lunar N-body gravity with propulsive staging on a 60 Hz simulation loop.
- **AI Curriculum Mapper (Web Dev / Research):** Developed an interactive full-stack curriculum mapping platform for dependency visualization and institutional gap analysis.
- **Huskender (Web Dev):** Built and deployed a student-focused full-stack scheduling platform with real-time schedule generation and low-friction UX.

HOBBIES

- Orbital mechanics.
- Aerospace and aviation.
- Northeastern Club Wrestling.
- Former four-year Norwood High varsity wrestler.
